

《" 攻略"用英语怎么说?》

Jessica在北京学汉语,她的中国朋友要是遇到了不知道用美语怎么说的词,就会来请教她。今天是吴琼要问的:攻略。

Jessica: Wuqiong, what are you doing on the computer? You've spent hours on the Internet!

Jessica: ???Are you going to attack Italy?

Jessica: I see. You were referring to travel tips. You are right, Wuqiong, flipping through travel guide books and get some tips from the Internet can be really helpful, especially when it is your first trip to a new place.

WQ: Yep! For example, I was just looking for ways to get discount on museum tickets, and some of the tips that people shared online came in really handy!

Jessica: Make good use of the tips. They also help you avoid tourist traps!

WQ: Tourist traps? ??????????????Tourist traps are annoying and can spoil the whole trip!

Jessica: So, Wuqiong, how long are you going to stay in Italy?

Jessica: Four days only? So you are going to stay in one city?

WQ: Actually I'm going to tour 4 cities and they are far away from each other.

Jessica: I see. This is a whirlwind tour then.

Jessica: You will! Italy's not going anywhere. You can always go back someday!

WQ: ?????????travel tips, ????tourist trap, ????? whirlwind tour.
